

WHAT PEOPLE ARE SAYING AND
WRITING ABOUT

THE
EQUATION

AND ITS AUTHOR

FOREWORD

HOW does one adequately do justice to *The Equation*? Firstly, one needs to be introduced to the author, Malcolm Isted. When I enquired of the Lord how one would do this, this is what I received that personifies the man: *“As a deer panteth for the water, so my soul longeth after thee; You alone are my heart’s desire and I long to worship thee.”*

Many will be unaware, Malcolm, a Chartered Accountant and successful businessman, left his profession and business some considerable time ago to dedicate his life in pursuit of determining the ultimate truth and knowledge of the wonderful plan of our God concerning the end times. Not only is this a sacrifice of the truest form of worship, but a complete and unselfish dedication to the Body of Christ and unto both Jews and Gentiles who will search for understanding after the rapture of the Church.

This is not a book for those believers who are content to feed on milk. This is for those who desire greater depth and knowledge aspiring to eat of the meat of the scriptures of prophecy and understanding in the end times.

Malcolm’s incredible and breath-taking knowledge of biblical end time theology surpasses that of most. Combined with this, his astonishing gifting of mathematics and statistics, with the enabling of the Holy Spirit, has helped him to extend previous knowledge based on foundational biblical numerics. This is done through a unique and profoundly sophisticated coding system Malcolm has discovered that opens understanding in a most dynamic way. I attribute Malcolm’s lifelong work and research to that of possibly one of the most profound sciences ever which is now emerging – “Biblical Science!” This combination sets Malcolm apart and ahead of all scholars of eschatology that is totally relevant to the hour in which we live today.

I once asked the Lord why He personally gives me such revelation of His ways in my own life. He told me He does it because it draws me closer to Him. *The Equation*, through the revelation given, will undoubtedly draw any serious believer closer to God because of its astounding revelational content.

In my opinion, it is one of the finest Christian books ever written, if not the single greatest because of its relevance to events of today and the closing glory of the age. The research and revelation contained in it is literally mind blowing. The book is pulsating from beginning to end. Continual truth is revealed, wave after wave and chapter upon chapter. It is far beyond the present knowledge of the Church in general. The only superlative for *The Equation* is simply, *“Brilliant!”* It will sit beside my Bible where I can refer to its content from time to time to comprehend unfolding truths and events during these last days.

Trevor Knoesen (Port Elizabeth, South Africa)

Author of ‘Divine Revelation of the Baptisms’

E-mail: tjk@iafrica.com

IN 1991 I received a video from a Christian Ministry with the request, “Mandie, we would like you to have a look at this and let us know what you think!” It was a presentation by Malcolm Isted. At that time I had not yet heard of this man.

After just a few minutes of watching the video with a friend, the Holy Spirit began to speak to me. These were His clear words, “This is My end-time prophet!” I felt an urgent need to speak to this man and tell him this.

Shortly thereafter I received a Scripture verse from the Lord with the instruction to give it to him: “I know thy works: behold I have set before you an open door, and no man can shut it: for thou hast a little strength, and has kept My word, and has not denied My Name.”

Before sending it to him, I looked up the original meaning of the word “strength” in my *Thayer’s Greek-English Lexicon*. It is translated from the Greek “dunamis” and means “the power and resources arising from numbers.”

Not long after that, the Holy Spirit gave me another word for Malcolm, one that was confirmed by two other Believers from separate countries. It was Habakkuk 2:2-3: “Write the vision, and make it plain upon tables, that he may run that readeth it. For the vision is yet for an appointed time, but at the end it shall speak, and not lie: though it tarry, wait for it; because it will surely come, it will not tarry.”

In the time that I have got to know Malcolm, I have discovered that he walks very close to the Lord. He has a deep knowledge of the Bible, his doctrine is sound, and his understanding of prophecy ranks amongst the best of the Bible’s expositors. He is also humble and lives a live dependant upon his Maker.

As a friend and sister in Christ, I have shared in many of his frustrations and breakthroughs in the ten years that he has carried out God’s instruction to “Write the vision.” In these years we have often prayed together, shared together, and encouraged one another to bring this vital work to its conclusion.

This act of faith did not only involve years of study and dedication. Malcolm’s devotion to the Lord and his obedience to fulfill this command caused him to voluntarily give up his various businesses. I can bear witness that God has separated him from friends and family for 14 years so that he could clearly hear the voice of the Holy Spirit in carrying out this assignment.

Deep in my heart I know that God has called this man, Malcolm Isted, to unravel and interpret the deep things of His Word that other watchmen have refused to consider. I believe that his book, *The Equation*, has been published at the right moment to warn the world of the coming sword. God is a God of love, and He warns us because He loves man whom He created.

Despite the controversial message of *The Equation*, I encourage every person to carefully study this book and to read it with their Bible. I believe that many souls will be saved because of this book; for does the vision not say, “that he may run that readeth it”? Therefore read it and make up your own mind about it.
Mandie Pilchowski (Steynsburg, South Africa)

LETTERS AND COMMENTS RECEIVED

Rarely in ones life do we have an opportunity to touch the hem of His garment. It felt to me He was speaking to us. I read the Book with such an appetite for Truth, and how good is God to have chosen you, and you to have obeyed, despite the usual temptations and human frailty.

Thank you very much for allowing me to visit you in Patmos. I am re-reading it again, with the answers to so many questions becoming clear. I have delved forever into this and that one's interpretation, but who can deny the veracity of numbers...by the One who put it all together? My maths is rusty, computer work basic, but I can understand your joy in all this. Bless you.

L.B (Johannesburg, South Africa)

You have done what is absolute and right; I know this to be true in my heart. Please hear me when I say that it really does take a special man, a man found and appointed by God, sought out specially to help keep His glory alive.

That man is you! No other human being has been given what you have been blessed with. Like the Bible your messages and calculations will all come to fruition too; events of the world are proving it to be just so, even to this very day. Our paths have crossed for a very real reason. Now is the time to speak out openly with the words that many do not wish to hear.

You will always be my Brother no matter what, and your book accompanies my Bible at all times. They simply go hand in hand! May God bless you.

J.M (Cape Town, South Africa)

What a beautiful book. I expected a small soft-cover in black & white like your last one. This is stunning! I love it and am still your no. 1 fan. Thanks ever so much for this awesome gift.

R.F (Johannesburg, South Africa)

Last night I read your vision. What a beautifully descriptive picture you painted. Thank God He brought you to me – even now I'm looking at your book sitting here on the desk and wondering in awe that I received it from across the world. There are no coincidences with God – all is arranged / appointed. I needed THIS book. Shalom in Christ's love.

S.V (Pennsylvania, USA)

Busy with 'The Equation'

Very, very, fascinating. Bless you.

Dr Z.B (Mtubatuba, South Africa)

It all started with a vision, and one man's courage, dedication and desire to unravel the mysteries that it shrouded. The I of the minimalistic clues that the vision had given birth to, led him to the fact that each letter in the Hebrew alphabet was, and always had been, represented by a number. This led the trail into the murky world of numbers and codes. As he followed the clues, he thought, "No!" Was it possible, could he be heading for the 'holy grail' of decoding, the hidden messages, the real truth, buried deep in the text on each page of the Bible? Surely not! Men like Isaac Newton had spent their whole lives unsuccessfully trying to break this code.

And then it happened. Like the wind suddenly appears from nowhere, he had an epiphany. The light in his head went on. Deep in the hardware of his brain the matrix clicked into place, clear as a new born baby's conscience. He got it! His heart started beating faster. He began to tremble. This had been his quest for over ten years, but in that moment of magic, he realized that deep down inside his being, he had never really believed he was capable of breaking this mother of all codes. Maybe it was a lack of self esteem? Maybe he didn't feel worthy enough for the magnitude of his discovery? But regardless of his hurricane of emotions, there it was, right in front of his eyes – the age-old key to unlock the hidden messages of the Bible.

It was beyond doubt. The code led him to a date of gargantuan importance, 11/9/2001. The links from this date, and its happenings at the World Trade Centre, sprouted forth, leading him at break-neck speed to what it all meant, and where it was all going.

Whatever you do, make sure you hitch a ride on this unforgettable roller coaster ride through the ages, and find out the true meaning hidden in the letters of the best selling book ever written – the Bible.

P.K (Hogsback, South Africa)

In my previous articles I have stated that The Tribulation can take place at any time and is therefore 'imminent'. Having read the book 'The Equation' by Malcolm Isted I am now of the opinion that 'The Rapture' will in fact take place at an appointed date. In Matthew 24:36 Jesus said that no one knows the time or the hour, not even the angels of heaven. And again in verse 42, Jesus said to his disciples – 'you do not know what hour your Lord is coming'. Another reference to an unknown time appears in Acts 1:6,7. Malcolm however makes a persuasive argument that Jesus was using a Hebrew idiom that was common in those days and meant something altogether different. I therefore would like to encourage you to read his book and arrive at your own conclusion.

Brother Malcolm:

I have just finished reading The Equation textual copy and have digested many of the charts. I've enjoyed it greatly and am blessed by your massive work. To this day I still have the Pentacodes in a three ring binder which I actually refer to regularly. I can only guess of the criticism you have encountered over the years. You will not hear any from me. I have been a searcher for the "key" that unlocks the Book.

The most problematic topic that I have never had the time to delve into has been the "Jubilee" and since I have been a pastor for forty some years never had the time. Since I am semi-retired serving a smaller church these days I spend much more time in study and research simply as mental exercise. I really do appreciate your Pentacodes and The Equation. They both deserve acknowledgement of Scriptural integrity.

I am familiar with all of your quoted sources from my half-century study of Bible prophecy. By the way have you ever read the book "Theomatics" by Del Washburn? This book was my first exposure to the numerical design within the Greek and Hebrew text. It's odd, but when I was in seminary I was not pleased with having to take Hebrew and Greek. Today, I live with my Interlinear "Complete Biblical Library" at my arms length from my computer. I spend more time in the Biblical languages today than I ever did in seminary.

Really am enjoying The Equation and this week I will be going back and studying many of the charts that are new since the Pentacodes. Keep me posted if you discover any exciting insights.

God's blessings,

Pastor R.R (Pennsylvania, USA)

Thank you for this amazing work which is, without a doubt, divinely inspired. When I started reading, I found it almost impossible to stop. The sheer amount of historical facts and the way it is presented is mind blowing. It is both delightful and thought provoking.

Reading the book I realized that the church has, through all the ages, been kept from the wealth of Godly wisdom, truth and life saving instructions given to the Jewish people. The result is a terrible and fatal lack of knowledge by many Christians. It seems to me this is changing – a sure sign of the end times.

Thank you for unlocking this treasure trove of information.

A very grateful S.N (Lady Grey, South Africa)

I wanted to take a quick second to just give glory to God and also tell you your work has truly changed my life. All of a sudden everything is crystal clear. I have read section 1-4 of your book twice and now going through those sections a third time with my bible and then will proceed to the end.

I cannot believe the extent to which you have gone to prove out these codes and I am certain when you stand before the Lord at the Judgement seat of the Messiah He will truly say “Well done my good and faithful servant”.

My wife and I have been living in London for 4 years now and I can honestly say that life here isn’t easy with the stress of the work environment, the complete lack of the fear of God in this country as well as the ungodliness we see in the world of finance.

For the first time in my life I am not waiting for the imminent return of my Lord and Saviour but I now have a date and a finishing line to work towards. I cannot explain what a difference it makes.

It makes one eager to tell others about Jesus. Desperate if you will ... I have also studied the “Footsteps of the Messiah” and I find your work completes the eschatology study in full.

It must have been a sight to see that pine tree uprooted!!

D.V (London)

Thank you and God bless you for a most outstanding book. I am three quarter way through and already know that I will read and re-read till I have the book info, Bible verses and all that goes with this great work entrenched in body, soul and spirit. It is a lot of information to take in all at once. I am no mathematician or even inclined that way so my 2nd read through will be with my calculator and Bible.

I love Bible prophecy most of all and then Spiritual warfare. Looking back over the past 2 decades, 7 years in 1 church, 7 in another and 7 years in non attendance of any church, I must admit that had I been involved in a church I would not have read this book. Thank you for [this] little beaut and my prayer is that it reach millions so that people may come out of Babylon.

I am so trusting in our beautiful merciful God to save all people I know. We can only give His word and thanks to you we can give the truth. Please keep on writing and may God make your name famous throughout the earth.

Lisa V (Cape Town, South Africa)
